**"Mind is Consciousness  
which has put on  
limitations.  
You are originally  
unlimited and perfect.  
Later you take on  
limitations  
and become the mind."**

**Sri Ramana Maharshi**

Drawing from the past months/years  
we have been

exploring consciousness  
with old & new master teachers  
and their expressions  
of the nondual truth.

Let's share some of our  
bag of spiritual tools, notes,  
experiences of where we are now,  
& what we may still be looking for...

Some of the topics may be:

How do we deal with  
apparent obstacles?

How to deepen our realization  
in everyday life.

What dose full realization look like?  
Enlightenment:

yesterday, today, tomorrow,  
why not right now?

May All Be Blessed  
this Holiday season  
and throughout the New Year!!

May all be well. May all Be Happy!  
May all Awaken!!!

Ya Salam, Shalom, Shanti,  
Shalamay

We will resume Satsangs  
at Unity January 9th  
as we dive into living nonduality  
through the Mahamudra teachings,  
directly pointing  
to this present moment  
of awakened  
lovingly knowing  
Awareness
